Did you know hotels are not the only option for vacation lodging?

Consider a condo rental especially if it's for a family vacation. Most condos have a full kitchen so you can save on meals by cooking and keeping snacks in the fridge. And with multiple living areas, there'll be more room to stretch out and relax after a day of sightseeing. Plus, some condo resorts feature amenities like golfing, tennis, pools and spas. Visit the Union Plus Travel Center and see the savings when you book a condo for your next group vacation.

Did you know why it's important to consider travel insurance?

Baggage insurance covers damage or loss of your baggage. Visit www.UnionPlus.org/TravelInsurance to find out more about each type of insurance and what may be right for your trip.
